

## N-726

### CERTIFICADO DE CONCORDÂNCIA

Caros clientes,

A Nitriflex certifica que o **N-726** atende aos requisitos da Diretiva 2002/95 / CE, RoHS 2 (Diretiva 2011/65 / UE) e RoHS 3 (Diretiva 2015/86/EU).

| <b>Metais</b>                              | <b>Results</b> |
|--------------------------------------------|----------------|
| Chumbo (Pb)                                | ND             |
| Cadmio (Cd)                                | ND             |
| Merúrio (Hg)                               | ND             |
| Cromo Hexavalente                          | ND             |
| <b>Ftalatos</b>                            |                |
| Di-(2-etilhexil)ftalato                    | ND             |
| Benzilbutil ftalato (BBP)                  | ND             |
| Dibutil ftalato (DBP)                      | ND             |
| Diisobutil ftalato (DIBP)                  | ND             |
| <b>Retardantes de chama</b>                | ND             |
| <b>Bifenilas Polibromadas (PBBs)</b>       |                |
| Monobromobifenila                          | ND             |
| Dibromobifenila                            | ND             |
| Tribromobifenila                           | ND             |
| Tetrabromobifenila                         | ND             |
| Pentabromobifenila                         | ND             |
| Hexabromobifenila                          | ND             |
| Heptabromobifenila                         | ND             |
| Octabromobifenila                          | ND             |
| Nonabromobifenila                          | ND             |
| Decabromobifenila                          | ND             |
| Total de PBBs                              | ND             |
| <b>Difenil-éteres Polibromados (PBDEs)</b> |                |
| Monobromodifenil-éter                      | ND             |
| Dibromodifenil-éter                        | ND             |
| Tribromodifenil-éter                       | ND             |
| Tetrabromodifenil-éter                     | ND             |
| Pentabromodifenil-éter                     | ND             |
| Hexabromodifenil-éter                      | ND             |
| Heptabromodifenil-éter                     | ND             |
| Octabromodifenil-éter                      | ND             |
| Nonabromodifenil-éter                      | ND             |
| Decabromodifenil-éter                      | ND             |
| Total de PBDEs                             | ND             |

### CERTIFICATE OF COMPLIANCE

Dear Customers,

Nitriflex does hereby certify that **N-726** meets the requirements of Directive 2002/95/EC, RoHS 2 (Directive 2011/65/EU) and RoHS 3 (Directive 2015/86/EU).

| <b>Metals</b>                                | <b>Results</b> |
|----------------------------------------------|----------------|
| Lead (Pb)                                    | ND             |
| Cadmium (Cd)                                 | ND             |
| Mercury (Hg)                                 | ND             |
| Hexavalent Chromium (Cr <sup>+6</sup> )      | ND             |
| <b>Phthalate</b>                             |                |
| Bis-(2-ethylhexyl)Phthalate                  | ND             |
| Benzylbutyl Phthalate (BBP)                  | ND             |
